The deadline for enrolling in a health care plan is **March 8**.

## Alumni Hall Library Notes

Thanks to all who helped to make the January 28 RIF (Reading is Fundamental) distribution in K - 5 so successful. This activity included distribution of free books to all students, relay-interpreted storytelling and an ice cream social. It was exciting to see the students enjoying themselves while choosing their books. Many students also appreciated the Big Green Bear (in costume) who accompanied them to the Multipurpose room where they browsed and picked their books. This project was made possible by DOE (Department of Education) and ISD through matching grants.

Alumni Hall Library proudly announces acquisition of a brand new microfilm reader/printer, through the efforts of Superintendent Laird, who recognized the importance of having one (especially for Deaf Studies research projects), and VIC Special Projects Coordinator David Reynolds, who implemented the Archives (located in room G27 - across the hall from the library). Two sets of microfilm, (the history of ISD and records of former students) purchased from Gallaudet University Archives by the ISD Alumni Association, are currently in the collection. It is hoped that more microfilms will be made of the school's records and valuable papers eventually. Any one that has microfilm or microfiche is welcome to use the machin.

### *New Arrivals:*

**"A Father A Son and A University:  
Thomas Hopkins Gallaudet 1787 - 1851."**

**"A Father A Son and A University:  
Edward Miner Gallaudet 1837 - 1917."**

**"Report on the Status of Sign Language"**  
from the World Federation of the Deaf in Helsinki, Finland

**"The Black Deaf Experience:  
Excellence and Equity"**

### *Thanks*

Irene Hodock, former ISD librarian, for donating a poster entitled "Read" featuring Marlee Matlin.

Sharon Davis Riggles, mother of Stephanie K. Davis in K-5 for donating a check to the K - 5 library in memory of Anna S. Eberle, who passed away last summer. Ms. Eberle was Stephanie's great-grandmother. A set of ten "Eyewitness Books" will be placed in the K - 5 library as soon as they arrive. A memorial label imprinted with Anna S. Eberle's name will be put in each book.

ISD appreciates the generosity of these good people.

## Transition

Security Chief Greg Wright has relocated his office to Alumni Hall, Room 126 ISD ext. 112 (behind the switchboard/mail room). This move will centrally locate the Security Office and allow access to other Business and Operations Department offices while providing better security access for staff and students.

Now that security is housed in this area, a need for confidentiality exists. In order to meet this need, staff is asked not to enter the mail room/switchboard area. Please use the cardboard boxes on the counter for out-going/campus mail and use the combination mailboxes for receiving mail. Maintenance staff will be checking each combination lock to insure it works properly.

Additionally, reduced traffic in this cramped area will increase mail protection, as well as providing an area that will allow the operator to respond to callers in a professional manner. Superintendent Laird and Assistant Superintendent Toutant thank you for your cooperation.

## Hoosier Revival

*The Hoosier* has been established this year as a quarterly publication (Fall, Winter, Spring, and Summer). The magazine's format has been changed. It now features a specific theme for each issue. This shift in focus will make each issue of *The Hoosier* an invaluable reference or informational magazine that can be used repeatedly when specific information about ISD is requested.

The Fall edition has been extremely delayed. However, it is now in the print shop being processed. With a desire to publish a complete biography of William Willard, this edition of *The Hoosier* will be over sixty pages long. Subsequent issues will not be as lengthy.

The Winter issue of *The Hoosier* will focus on student life. This issue will include a[n] historical perspective, as will all the issues in this sesquicentennial year. A parallel of student life at the "Old School" and student life today will be presented.

The focus of the Spring issue will be ISD as a BiBi School. This will be an opportunity to develop a "PR" issue on our school and its philosophy and commitment to BiBi Education.

The Summer issue will be an annual program review. Information collected from each department will accompany photographs of the year's activities. This issue will be printed in the summer to be available at the start of the school year in August.

Any ideas, concerns or comments are welcomed by the editor of *The Hoosier*, Bill Coffey. Contact Bill in Alumni Hall Room 210, via Campus Mail, or at (317) 924-4374 ext. 178 TTY/Voice.

## Student Employee of the Week

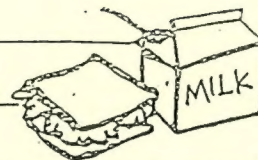

**Melita Brown**, this week's student employee of the week, works in the McDonald's at the corner of Highway 37 and Graham Road (Indy's northeast corner). She began working there September 7th. Melita takes care of the french fry area right now. Melita's supervisor is very pleased with her work and enjoys having her there.

Melita, a senior this year, lives here in Indianapolis. She is still deciding what career area to pursue, but may work in clothing sales. She is sure she doesn't want to work in fast food all her life but, for now, the money is nice to have. She also likes being out of school half a day (even if it is to go to work).
